Today's values issues involve many more questions and sub-questions than in years past, especially as a result of new topics and themes in bioethics, marriage and family law, which are themselves linked concerns. The following questions have been compiled by FRC policy experts to drill down on existing issues that are of interest to values voters. The answers have been researched and supplied by FRC Action's researchers by analyzing campaign statements and votes.

Promoting Stronger Marriages		The Federal Defense of Marriage Act (1996) declares marriage to be the union of one man and one woman for all purposes of the federal government and declares that states do not have to recognize same-sex "marriages" from other states. Which of the following describes your position on the federal DOMA?	
	X	a) I would veto any bill that would weaken any provision of the federal DOMA. ¹¹	
		b) I would support an amendment to the U.S. Constitution to codify the provision of DOMA that says that states do not have to recognize same-sex "marriages" from other states.	
		c) I would support repeal of the provision of DOMA that defines marriage as the union of one man and one woman for all federal purposes, thus freeing the federal government to give marital benefits to same-sex couples.	
		d) I would support repeal of the provision of DOMA that declares states do not have to recognize same-sex "marriages" from other states, thus leaving courts free to require such recognition under the Constitution's "full faith and credit" clause.	
Religious Liberty	YES	Will you support the continuation of the Faith Based Initiative (on the federal level) to guarantee the right of religious social service providers to access federal programs on an equal basis? ¹²	
Homosexuality and Special Rights	YES	Which of the following comes closest to your position on the Employment Non-Discrimination Act (ENDA), which would grant federal civil rights protection on the basis of sexual orientation?	
		a) I would veto any bill to provide federal civil rights protection on the basis of sexual orientation. ¹³	
		b) I would sign a bill to give federal civil rights protection based on sexual orientation, but not one that included protection for "gender identity."	
		c) I would sign a bill to give civil rights protection based on sexual orientation, but only if it had the broadest possible religious exemption.	
			d) I would sign a bill to give federal civil rights protection based on sexual orientation and "gender identity."
	YES	Which of the following comes closest to your position on the proposed federal "hate crimes" law, which would allow the federal government to prosecute any "hate crime" anywhere in the country?	
		a) I would veto any federal "hate crimes" law, and leave prosecution of such crimes to state and local authorities. ¹⁴	
		b) I would sign a federal hate crimes law covering the characteristics included in the 1964 Civil Rights Act (such as race), but not one with protections based on sexual orientation or "gender identity."	
		c) I would sign a federal hate crimes law that included sexual orientation and "gender identity," but only if it included strong and explicit protections for freedom of speech and freedom of religion.	
			d) I would sign a federal hate crimes law that included protections based on sexual orientation and "gender identity."
	YES	Which of the following policies would you follow regarding the issue of homosexuals who wish to serve in the military?	
		a) I would veto any bill to overturn the statutory ban on homosexuals serving in the military. ¹⁵	
b) I would sign a bill to overturn the statutory ban on homosexuals serving in the military.			
c) I would end the Clinton-era "Don't Ask, Don't Tell" policy and resume the practice of asking military recruits about their sexual orientation, with the purpose of excluding homosexuals from the military.			
d) I would continue the Clinton-era policy of "not asking" military recruits about their sexual orientation and advising them not to acknowledge such an orientation.			
e) I would continue to prosecute both homosexual and heterosexual members of the military for the crime of sodomy under the Uniform Code of Military Justice.			
		f) I would support removal of the crime of sodomy from the Uniform Code of Military Justice.	
General Issues		Do you support or oppose federal legislation limiting the ability of government to take private land for private development purposes?	
	SUPPORT	Do you support or oppose repeal of the federal estate (death) tax? ¹⁶	
	OPPOSE	Do you support or oppose legislative initiatives that emphasize border security over all other forms of immigration reform? ¹⁷	
	SUPPORT	Do you support/oppose President Bush's decision not to renew the federal ban on assault weapons? ¹⁸
